

A Garden is a thing of duty and a job forever ...

Summer volunteers have played an important role in maintaining the plants in the **Children's Garden** and keeping the weeds under control. Each year interested families have volunteered to weed, deadhead and water for a week at a time.

A garden bag with keys and information is delivered from one volunteer to the next one on the schedule each week. The schedule of volunteers will be distributed the last week of school.

Work weeks begin the week of June 21st and continue until the week of September 6th.

If you would like to volunteer, please return the bottom portion of this flyer to school by June 15th.

Thank you!

We would like to help maintain the **Children's Garden** during the summer.
