

APPROPRIATE DRESS:

Pupils are encouraged to wear appropriate dress for school to reflect their participation in all school activities. Please check with your child's classroom teacher or the principal if you have any questions about your child's attire being appropriate for school. We are fortunate to have a centralized heating and cooling system; however, temperatures can fluctuate from room to room. Although it may be 85 to 90 degrees outdoors, your child's classroom may be 70 degrees. Please make sure your child is dressed comfortably during instructional time.

We also encourage parents to ensure that their child wears appropriate footwear so that they are able to participate in all activities that require gross motor movement. Wearing footwear such as "flip-flops," "Crocs," and "Heelys," place our students at risk of ankle and foot injuries. While stylish, our practice is to place safety first at all times.
