

FOR YOUTH DEVELOPMENT
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

THE CODE TO SUCCESS

Calling all Middle Schoolers: the Fanwood-Scotch Plains YMCA is now offering two **FREE** programs just for you! On Mondays, get a whole afternoon filled with extracurriculars that will help you strengthen your mind and body, while having fun socializing with new friends at the Y.

TEEN WELLNESS: Mondays, 3:15pm

This program gives students in grades 7 and 8 the opportunity to learn how to use the equipment in our Wellness Center. It runs for 8 weeks and at the end of the program, participants are evaluated on the skills they learned, and can then use the Wellness Center any day from 3:00-5:00pm.

COMPUTER CODING: Mondays, 4:00pm

NEW! Learn computer code for storytelling using the programming language Scratch. Students will use computer science in fun, creative and engaging ways. Class is open to those in grades 5 to 8.

**Register for one or both programs at fspymca.org/register.
Spring 1 Session runs from March 4-April 28, 2019.**

Please note: Students must be members of the Fanwood-Scotch Plains YMCA to participate in these programs.
