March 2019

Dear Parents, Guardians and Members of the School Community,

The 2017-2018 New Jersey School Performance Reports are available on the NJ School Performance Reports webpage. To access these reports, copy and paste the following into your web browser:

www.njschooldata.org

Through the School Performance Reports, the New Jersey Department of Education (NJDOE) annually shares information regarding overall school performance.

The formats for these reports have been updated based on feedback the New Jersey Department of Education received from stakeholders collected through a feedback survey, at parent round tables and workshops, and from stakeholder engagement throughout the year.

In addition to the full reports, one-page Summary Reports for each school and district are also available. The column on the left hand side of the NJDOE webpage for the NJ Performance Reports has a tab for Resource Documents that lists guides that are helpful in understanding the reports.

The NJDOE continues to seek public input on ways to improve future reports. Please complete the [feedback survey at www.surveymonkey.com/r/VKNTTTRC](http://www.surveymonkey.com/r/VKNTTTRC) or email reportcard@doe.nj.gov with feedback and suggestions.

As a district, we continually use data to improve outcomes for students. I am grateful for the focused efforts of our teachers, staff, administrators, and our Board of Education as they partner with parents to improve education in our communities. As always, if you have any questions specific to your child's school, please reach out to your school's principal or to me.

Thank you for your continued support of our schools.

Sincerely,

Margaret W. Hayes, Ed.D
