## **ATTENDANCE PROCEDURES AND GUIDELINES**

### **Definitions of Attendance Reasons:**

1. For the purposes of school attendance, a "day in session" shall be a day on which the school is open and students are under the guidance and direction of a teacher or teachers engaged in the teaching process. Days on which school is closed for such reasons as holidays, teachers' institutes, and inclement weather shall not be considered as days in session.
2. A "school day" shall consist of not less than four hours, except that one continuous session of two and one-half hours may be considered a full day of Kindergarten.
3. "A day of attendance" shall be one in which the student is present for a full day under the guidance and direction of a teacher while school is in session.
  - a. Whenever over-crowded conditions make it necessary to hold two separate sessions with a different group of students in each session, a student attending for all of either session shall be regarded as having attended for the full day. An excused absence for any reason shall not be counted as a day of attendance in the school register.
4. A "half-day class" shall be considered the equivalent of a full day's attendance only if in session for four hours or more, exclusive of recess periods or lunch periods.

### **Notice to School of a Student's Absence:**

1. The parent or adult student is requested to call the school office before the start of the student's school day.
2. The parent of the student or an adult student who will attend the morning session, but will not attend the afternoon session should call or provide notice to the school office before the start of the afternoon session.
3. The parent or adult student who anticipates a future absence or anticipates that an absence will be prolonged should notify the school office to arrange make-up work.

### **Readmission to School After an Absence:**

1. A student returning from an absence of any length of time must provide a written statement that is dated and signed by the parent or adult student listing the reason for the absence.
2. A note explaining a student's absence for a non-communicable illness for a period of more than four school days must be accompanied by a physician's statement of the student's illness with medical clearance to return to school.
3. A student who has been absent by reason of having or being suspected of having a communicable disease must present to the school nurse written evidence of being free of communicable disease, in accordance with Policy 8451.

### 5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.
