	171	SPECIAL EDUCATION - Ms. TOMESKO
	MUSIC ROOM	HEALTH/PE - Ms. IARUSSI
	CHORAL ROOM	FINE ARTS/MUSIC - Dr. MALLETT

What We Really Want as Parents

“At the core we all really want the same thing for our kids. When we are no longer around to guide them, we want them to live a good life, to have deep, life-sustaining connections, to feel the joy of living a life of meaning, and to leave this world a little better than they found it. We want them to feel valued by those around them and to help others - in their family, in their schools, in their communities - to feel valued as well. What we want for them is to live a life that truly matters.”

- Jennifer Breheny Wallace, *Never Enough: When Achievement Culture Becomes Toxic - and What We Can Do About It*

What We Strive to Nurture as a School

Community

Belonging

Dignity

Humanity

Purpose

Curiosity

Rigor

Gratitude

Respect

Mattering

Civility

Empathy

Balance

Lifelong Learning

Critical Thinking

Perspective

Tools We Use to Do This

- Block Scheduling
- Support for Student Focus
- Active Learning
- Student-Centered Learning
- Responses to 21st-Century Educational Challenges
- Support for Varied Means of Growth
- Continued Professional Development
- Various Clubs & Extracurriculars
- Extra Help Before & After School

Team Approach

- Teachers
- Paraprofessionals
- Counselors
- Case Managers
- Principal, Assistant Principals
- Supervisors
- Coaches
- Club Advisors
- All SPFHS Staff

Graduation Requirements and Scheduling

Dr. Timothy Donahue
Assistant Principal for
College and Career Readiness

- + Freshmen are eligible for Varsity, Junior Varsity, or Freshman teams
 - + Parent/child involved in discussion
 - + Academics and social well-being are considered

Education-Based Athletics

- + High School sports exist to provide students with the opportunity to grow, learn, achieve, and fail in a low-risk environment.
 - + Expand the horizons of each student
 - + Promote fitness
 - + Build better citizens through participation
 - + Equip students to handle adversity
 - + Develop grace under stress

Education-Based Athletics

3 Goals

- + Student athletes had an enjoyable experience
 - + Learned something about competing/winning/losing
 - + Learned more about the sport they are in
-
- + We win through sports if we develop athletically successful individuals and teams.
 - + We need to participate and play in a variety of sports to create a well-rounded experience.

Please Consider . . .

- + As your child develops in high school – be mindful of the pressures placed on them; academically, athletically, and socially.
- + Understand that they have a relationship with their coach.
- + Students tend to exaggerate praise and criticism.

Winning

- + Players should strive to win -
 - + 60-65% Athletic Ability
 - + 20-25% Coaching
 - + 10-20% lack of injuries, weather, scheduling, luck.
- + Winning is not limited to the result of the contest and should be based on the improvement of the student and team.

Getting Started in 9th Grade Athletics

Fall Sports start early August

Physicals and Registration must be completed and submitted mid - end of July

Submit in person at SPFHS, through Door #1 Drop Box, or Mail

(SPF is not responsible for the US Post Office)

****Make a personal copy of your Physical****

Physical must be on NJ Pre-Participation Form and stamped by the Doctor's Office

Our School Physician must approve all physicals after your doctor

Physicals are good for 365 days

Online registration is mandatory - ar-scotchplains.rschooltoday.com

(Do not print the registration form out, it is electronically submitted)

Optional, open summer workouts start in June and last into August (select sports and levels)

Fall Sports will start in August - plan accordingly - we cannot move or alter tryouts

In Closing

- + When working through athletics – ask your child...
 - + What are your goals?
 - + Do you enjoy the sport?
 - + Are you learning something?

97% of students have high school as their last team sport activity.

How can you help them to make it a lasting positive memory?

CONTENT-AREA SUPERVISORS

- + The Content-Area Supervisors will now present important information related to their academic discipline.
 - + English
 - + Social Studies
 - + Mathematics
 - + Science
 - + World Language
