Description of School Responses

School responses to violations of behavioral expectations are listed below:

1. **Educational Remediation and Admonishment/Reprimand**

It is our practice to engage students in conversations about choices and alternative responses to inappropriate decision making. These conversations focus on self-reflection and how each student is part of a community of learners who have a responsibility to themselves and each other in promoting a positive school climate.

To promote this, while fostering strong relationships and providing opportunities to learn and grow from mistakes, we may utilize Restorative Justice practices. According to the New Jersey State Bar Foundation, Restorative Justice is “a positive approach that considers the needs and obligations of all stakeholders in a community. It is used in schools to build a community, prevent and address harm and conflict, provide intensive support, and help students positively re-integrate into school after an absence. Restorative practices can be considered ‘SEL (social emotional learning) in action’...” and have three components: (1) Community Building among all students in the school community, including talking circles and daily check-ins; (2) Response to Harm and Conflict including strategized restorative discussions, mediation, and peacemaking circles; and (3) Reintegration and Intensive Support, which includes reentry circles, welcome circles, and other intensive support processes.

Additionally, a school staff member in authority may admonish or reprimand a student’s unacceptable conduct and warn the student that additional misconduct may warrant a more severe penalty.

2. **Temporary Removal from Classroom**

- a. The classroom teacher may direct the student report to the office of the administrator in charge of student discipline.

- b. The teacher will complete a form that indicates the student's name and the conduct that has caused the student's removal from the teacher's room.
 - c. The administrator in charge of discipline will interview the student and determine which, if any, additional consequences shall be imposed.
- 3. Meeting with School Administration and Parent
The student's parent may be required to attend a meeting with the Principal or designee and the student to discuss the student's conduct and to ensure the parent and the student understand school rules and expectations.
- 4. Deprivation of Privileges
 - a. Students may be deprived privileges as disciplinary sanctions when designed to maintain the order and integrity of the school environment. These privileges may include, but are not limited to:

 - b. Transportation to detention before school or from detention after school or on a Saturday morning will be the responsibility of the parent.
 - c. A student may be excused from detention only for an unavoidable commitment previously made; any such excused detention must be made up on another day.
- 6. Grade Adjustment
A student who has cheated on a test or assignment, plagiarized material, falsified sources, refused to submit assignments, or otherwise indulged in academic dishonesty or negligence may suffer a reduced grade by virtue of the disqualified work. In no other instance may a student's grade be lowered as a direct penalty for misconduct.
- 7. In-school Suspension
 - a. If the school operates an in-school suspension program, a student may be removed from his/her regular classes and required to report to the in-school suspension program.
 - b. In-school suspension will not be imposed without the due process procedures set forth in Policy and Regulation 5610.

High School Code of Student Conduct

It is our goal to encourage a safe and respectful school environment for all students to have the opportunity to become confident and caring life-long learners who can communicate and contribute positively to the rapidly changing world. In order to provide an academic environment that values excellence, initiative, and diversity, our High School encourages and embraces self-respect and mutual respect among teachers and students.

It is our practice to engage students in conversations about choices and alternative responses to inappropriate decision making. These conversations focus on self-reflection and how each student is part of a community of learners who have a responsibility to themselves and each other in promoting a positive school climate. Addressing student behavior issues involves different degrees of support and interaction depending upon the behavior and its severity.

Progressive Procedure: This discipline policy is a cumulative policy beginning with freshman year and remains in effect throughout the student's enrollment at the high school. However, if a student has no recorded infractions for at least one full calendar year from the date of the last entry on the discipline record, he/she may consider his/her record clear and any subsequent infraction will be treated at the appropriate starting step of this policy.

With respect to high-level infractions, parents and students should note that in cases that a student exhibits an inappropriate behavior not indicated in this Code of Student Conduct, the administration reserves the right to determine an applicable educational remediation and/or consequence. Moreover, depending upon the severity of an inappropriate behavior exhibited, the administration reserves the right to impose educational remediation and/or consequences reflective of the severity by adjusting leniency and/or harshness of indicated consequences.

The discipline policy is set forth in the subsequent sections as follows:

- I. Category I Discipline

This list of offenses is not intended to be all inclusive but represents the more common offenses that are encountered in schools.			

*Excessive tardiness will warrant loss of additional privileges, i.e., proms, dances, graduation, etc.
Class Cutting

1. Class Cutting

Students who are absent from class without authorization while being in attendance on the day of the absence shall be referred to the Assistant Principal/designee for cutting class. Individual class cuts will be reported by the teacher who will notify the Assistant Principal/designee. A cut letter will be mailed home with a copy to the Guidance Counselor, as well as an assignment to Saturday detention. Numerous cuts can result in a suspension pending parent conference. A total of two cuts in a particular course will result in permanent removal from the course with a withdrawn passing (WP) or a withdrawn failing (WF), and no credit will be given for the particular course. The student will be assigned to the Saturday detention by the Assistant Principal/designee. For class cutting purposes, Physical Education/Health will count as a full year course, that is, a total of two cuts at any time during the year will result in permanent removal from the course from that point on.

Example: If a student should take his/her second cut during the third marking period, that student would lose credit in Physical Education for the third and fourth marking periods. Thus, he/she will have to make up two marking periods of physical education.

a. First Cut

If the class absence proves to be unauthorized, a letter of notification will be sent to the parent and a copy of the policy will be attached. The student will be spoken to by the Assistant Principal/designee with a notice sent to his/her Guidance Counselor. A Saturday detention will be assigned for each offense.

b. Second Cut

This cut will result in withdrawal from the course. The Principal and/or Assistant Principal will contact the student and remove him/her from the class and he/she will be assigned to supervised study for the time period of the eliminated course. The parent will be notified of these procedures by mail. A Saturday detention will be assigned for each offense.

- (1) Cutting the supervised study assignment will result in a formal suspension and parent conference.
- (2) Any student cutting a particular course two times within a time frame which would not allow implementation of step 1 above would still be subject to the drop procedure.
- (3) If a student is removed from a class (including physical education/health) and placed in supervised study during the first semester, he/she may submit a request in writing to the Principal to enter a semester course when the second semester begins. Approval of such a request will be contingent upon the student's earnest efforts at conforming to the school's attendance rules.

C. Category I Discipline Procedure

1. Teacher responsibility for counseling and discipline is a prime concern and the first level of effort. Teacher or administrative discipline should include but not be limited to classroom detention, official school detention and/or supervised study. Detention takes precedence over extracurricular activities.
2. If such violations of school rules (see Category 1B) are repeated, the student will remain in supervised study for the time specified by the administrator pending a parent conference and official school detention will be assigned.
3. If such violations of school rules should occur a third time, the student may remain in supervised study for the time specified by the administrator pending a parent conference, and one day of Saturday detention will be assigned. The student's counselor will be notified for counseling the individual regarding the behavior pattern that resulted in the violation of school rules.
4. If such violations of school rules should occur a fourth time, the student will remain in supervised study for the time specified by the administrator pending a parent conference and two days of Saturday detention will be assigned. The student's counselor will be notified for counseling the individual regarding the behavior pattern that resulted in the violation of school rules.
5. If the violation of school rules is repeated after that, the offense becomes a Category II disciplinary offense (see II) and the steps under Category IIA shall ensue.
6. The Administrator of the school building may use his/her discretion in determining the appropriate disciplining of a student.

II. CATEGORY II DISCIPLINE OFFENSES (*Offenses may result in educational remediation, disciplinary action, and the filing of a formal complaint with the Scotch Plains Police.)

A. Category II Disciplinary Offenses

The conduct listed below shall give cause for a combination out-of-school suspension and/or Saturday detention. Repeated offenses shall give cause for educational remediation and/or further suspension and/or exclusion, as well as appropriate legal action, in accordance with State law 18A:37-2 and other applicable laws or administrative code.

The Administrator of the school building may use his/her discretion in determining the appropriate disciplining of a student. Conduct which shall constitute good cause for suspension of a student guilty of such conduct shall include, but not be limited to, any of the following:

C. Category II Procedure

Procedure for carrying out the process of out-of-school suspension and/or expulsion shall be as follows:

1. Upon suspension by the Principal or designee or other administrative officer, the student's parent shall be notified at which time the nature and degree of the infraction shall be discussed.
2. The Child Study Team shall be consulted regarding removal of a classified student.
3. A second Category II offense on the part of the student shall result in an extended suspension (minimum of three days).
4. A third Category II offense on the part of the student may then require the formation of a formal review panel for the consideration of possible expulsion. This panel shall be made up of, but not limited to, the student's guidance counselor, a teacher (assigned by the Principal/designee), a nurse, and an

administrator. The panel will meet with the student and his/her parent and his/her total discipline file shall be reviewed with a recommendation to the Principal as to further action, inclusive of consideration for Child Study Team evaluation.

5. Out-of-school suspension and Saturday detentions can be assigned by the Principal or designee as follows:
 - 2 days out-of-school suspension and 1 Saturday detention
 - 3 days out-of-school suspension and 2 Saturday detentions
 - 4 days out-of-school suspension and 3 Saturday detentions

7. Expulsion proceedings can be initiated without the progressive steps based on the seriousness of the offense.
8. The Principal's recommendation for expulsion will be submitted to the Superintendent of Schools. Preliminary to a formal expulsion hearing by the Board of Education, an informal hearing will be conducted by the Superintendent. This pre-expulsion hearing will be scheduled with the parent, student, school Principal and/or designee in attendance. Pending the results of the Superintendent's hearing, a recommendation will be made to the Board of Education and a Board level hearing for expulsion may be scheduled, pursuant to N.J.S.A. 18A:37-2.

End Of Year Fulfillment Of Disciplinary Requirements

1. If a senior has not fulfilled his/her discipline requirements by commencement, he/she may be excluded from commencement exercises pending a decision on the seriousness of the offense, and will have to fulfill disciplinary action requirements before receiving his/her diploma.
2. If a freshman, sophomore, or junior has not fulfilled his/her disciplinary requirements by the end of the school year, he/she may receive a minimum of three days out-of-school suspension at the beginning of the following school year, based on the judgment of the high school administrator as to the seriousness of the offense.
3. Alternatively, a student may be given a community service or school maintenance assignment during the summer with parental permission.

Middle School Code of Student Conduct

Overview of Steps for Addressing Student Behavior

It is our goal to encourage a safe and respectful school environment for all students to have the opportunity to become confident and caring life-long learners who can communicate and contribute positively to the rapidly changing world. In order to provide an academic environment that values excellence, initiative, and diversity, our Middle Schools encourage and embrace self-respect and mutual respect among teachers and students.

It is our practice to engage students in conversations about choices and alternative responses to inappropriate decision making. These conversations focus on self-reflection and how each student is part of a community of learners who have a responsibility to each other in promoting a positive school climate. Addressing student behavior issues involves different degrees of support and interaction depending upon the behavior and its severity. Middle School staff members will follow the steps below:

For Low Level Infractions, the following steps will occur:

1. The individual staff member will meet with the student to:
 - a. Identify the inappropriate behavior;
 - b. Discuss the inappropriate behavior and help the student problem-solve; and
 - c. Involve the student in writing an action plan for a change in behavior that the student and staff member agree upon.
2. Contact the parent to update them on the steps above and to gain further insight and input into the student's behavior.
3. If a change in the student's behavior is not observed after the steps above, another conference will take place with the staff member and the student during which a second action plan will be written by the student with the staff member. The teacher may inform the student's counselor at this time. A parent may be present at this second conference as well.
4. If a change in student behavior is not observed after the second conference, the student will be referred directly to the administration. Upon receipt of a referral, the Assistant Principal and/or Principal will take the appropriate administrative action as outlined in the next section of this Code of Student Conduct.

For Middle Level Infractions, the following steps will occur:

1. The individual staff member will meet with the student to:
 - a. Identify the inappropriate behavior;
 - b. Discuss the inappropriate behavior and help the student problem-solve; and
 - c. Involve the student in writing an action plan for a change in behavior that the student and staff member agree upon.
2. Contact the parent to update them on the steps above and to gain further insight and input into the student's behavior.

3. If a change in the student's behavior is not observed after the steps above, the individual staff member will conduct a conference with counselor, and/or parent, and/or student during which a second action plan will be written by the student with the staff member.
4. If a change in student behavior is not observed after the second conference, the student will be referred directly to the administration. Upon receipt of a referral, the Assistant Principal and/or Principal will take the appropriate administrative action as outlined in the next section of this Code of Student Conduct.

For High Level Infractions

Staff members will complete a middle school disciplinary referral form and submit it directly to the administration for high level infractions. Upon receipt of a referral, the Assistant Principal and/or Principal will take the appropriate administrative action as outlined in the chart for this Code of Conduct (see below). Students and parent(s) should note that appropriate administrative action may include lunch detention, morning detention, an after school detention, in-school suspension, out-of-school suspension, restitution assignment, permanent removal from class, community service, suspension/removal of other school privileges, peer or staff mediation, counselor/I&RS referral, police contact, and/or recommendation for expulsion. In addition, at all times, the administration reserves the right to intervene and take action if the student's behavior is deemed inappropriate, unsafe or in violation of district-wide policies.

Consequences for Infractions Reaching the Principal /Assistant Principal

Most behavioral issues can be resolved with staff members before a referral to the Principal or Assistant Principal. When the behavioral issues cannot be resolved at the teacher level, then the following chart will be used as a guideline to help the Principal or Assistant Principal reinforce the behavioral expectations.

In addition to the above, any student who physically assaults another student will be held accountable according to the consequences listed in the chart. If student “X” assaults student “Y” and student “Y” retaliates by assaulting student “X”, even though student “Y” did not initiate the assault, both student “X” and student “Y” will be suspended from school. If additional consequences are relevant according to the chart, both student “X” and student “Y” will be assigned those consequences.

Parents will be contacted any time a student receives an in-school or an out-of-school suspension.

Elementary School Code of Student Conduct

Behavior Expectations In School

Students are active participants in creating a pleasant, safe learning environment. Students are expected to demonstrate appropriate behaviors while within the school environment including arrival and dismissal, classroom time, lunch/recess, class trips, and after school. While the general connotation "appropriate behaviors" might be clear to the adults involved; it may not be clear to all of our students. The staff, thus, has a responsibility to fully acquaint students with school expectations, and to deal firmly and fairly with those students who do not conduct themselves properly.

General Behavior

Children should:

- Be kind
- Be helpful
- Be fair
- Be responsible
- Be safe
- Be respectful of others
- Be respectful of school property and of other people's property

Be the first to say "HELLO"

Use "PLEASE" and "THANK YOU"

Use appropriate school language

Keep your hands to yourself

Treat others the way you want to be treated

Walk quietly through the halls

Use "INSIDE" voices in all areas of the school

- Follow directions.
- Walk in the halls, classroom, and lunchroom.
- Line up when directed.
- Keep hands, feet, or other objects to themselves.

In addition:

- Personal recreation items are discouraged from being brought to school.

Lunch/Recess Behavior

The students' lunch/recess period should be a pleasant and informal part of the school day. In addition to the behaviors listed under "General Behavior" the following items apply during lunch and recess:

Students are:

- Encouraged to use the bathroom facility prior to lunch/recess. A student is permitted to go to the bathroom during lunch/recess if (1) it is absolutely necessary and (2) with the permission from the adult in charge.
- Required to eat only foods that they bring to school or purchase at school (i.e., students should not share or trade lunches).
- Not permitted to throw food.
- To clean up their trash after they have finished their lunch.

Outdoor Recess:

- Appropriate safety procedures must be followed when using playground equipment and while participating in games.
- Children are not permitted in the woods or on the property bordering school grounds.

Classroom Recess:

- Students are to follow the procedures outlined by the classroom teacher: a set of lunchtime activities, developed by the classroom teacher, will be discussed with students and posted for reference.
- Indoor activities shall include reading, board games, puzzles, drawing, and coloring.

Technology Expectations:

- Students are to follow the procedures outlined by the school and classroom teacher for appropriate use of their technology.
- Students are expected to use technology for school-related activities only, including completing class assignments and conducting research on teacher-approved websites and applications.
- Students should only use websites and program approved by the school or teacher.

Consequences For Negative Behavior

General School Consequences

- Aide or teacher/student conference
- Contact family
- Written conduct report and contact family
- Teacher/student conference and contact family
- Principal/teacher conference with student and parent

Consequences for Misbehavior During Lunch

- Students may be asked to perform a service by helping others.
- Students may be asked to eat at an alternate location.
- Students may lose part or all of their recess privilege for a period of time depending upon the severity of the infraction. The loss of recess is not a routine consequence.
- Students may have their privilege of eating in the lunchroom revoked for an appropriate period of time.
- Continued chronic behavior may result in increased consequences.

Consequences for Misuse of Technology

- Contact family
- Inappropriate use of technology at school or in a student's home can lead to loss of time using devices or of use of the device altogether.

Positive Behavior Reinforcement

- Acknowledgement in student's classroom
- Contact family
- Acknowledgement by principal and contact family
