

Scotch Plains – Fanwood Public Schools

Online Enrollment Process:

PowerSchool Parent Portal & Registration Instructions for Families

To complete registration for your child, you must have a SPF PowerSchool account for parents, oftentimes referred to as the “Parent Portal.” Through this account, you will be able to complete the necessary forms and upload supporting documentation. You can return to the process at any time; it does not need to be completed in one sitting.

Once your child’s Pre-Registration Form has been approved by a district designee, you will receive an email from parents@ps.spfk12.org with instructions to create/edit your PowerSchool Parent Portal account (Part A below) along with your child’s unique **Access ID** and **Access Password** for doing so. The email will also provide instructions on how to complete the registration forms online prior to the in-person registration appointment (Part B below). If you do not have an Access ID and Access Password for your child, contact parents@ps.spfk12.org.

PART A: Establishing or Editing Your PowerSchool Parent Portal Account

❖ To create a new SPF PowerSchool Parent Portal account:

1. Open the Internet browser on your computer.
2. Type <https://spf.powerschool.com/public> into the address bar OR click the PowerSchool link on the school website.
3. Click the "Create Account" tab at the top of the sign-on window, and then click the create account button.

4. Complete the fields on the top half of the page. Enter all the fields highlighted in yellow. The username and password that you **create** on this screen will be the username and password that you will use to sign into the Parent Portal.

- To link a student to your account, enter the student's name, Access ID, and Access Password into the appropriate fields. Select your relationship to the student from the drop-down menu.

- If you have additional students, you may add their names, Access IDs, and Passwords to the list. You can also add additional students after you have logged in for the first time using the “account preferences” tab.
- Click the blue "enter" button to finish creating your account.
- Once your account is created, enter the username and password you chose for your parent account to login to the portal.

❖ **To add a student to an existing SPF PowerSchool Parent Portal account:**

- Login to your existing account at <https://spf.powerschool.com/public>.

- Navigate to the "Account Preferences" section located on the left side of the screen under Navigation.

- Select the student tab and click on the “Add” button.

- You can add your student by entering their full name, the Access ID and Access Password provided by the district or in your online registration letter from parents@ps.spfk12.org, and your relationship to the student.

- Once you have added the student, his or her name will appear as a tab on your PowerSchool start screen. Select a tab to view the PowerSchool information specific to that child.
