STUDENT INFORMATION FOR TEACHER RECOMMENDATIONS

Student: _____ Date: _____

To the student: Writing a recommendation takes significant time and effort on the part of a teacher. The purpose of a teacher evaluation is to support your academic record, elaborate upon the grades you have achieved, and comment on your class participation. Please answer the questions below as completely and thoughtfully as possible and include any memorable moments (serious or not!) you recall.

If possible, please hand back a graded paper that you completed in my class. Add any additional information that you would like me to know.

It is strongly suggested that you waive your right to see your application file so that recommendation remains confidential.

1. What Class, Club or Other Activity have you participated in with me?
2. What projects or activities did you especially enjoy in my Class, Club or Activity?
3. What general lessons will you remember from being in my class?
4. What specific lessons were important to you from my class?
5. What are/were your greatest contributions to the Class, etc.?
6. What did you discover was your greatest struggle in the Class, etc.? How did you handle the problems?
7. Why did you ask me for a Recommendation?
8. What qualities set you apart from others in my class?
9. Does your College Major or Career Plan relate to the class subject area AND, how does it?
10. What activities, hobbies, and jobs outside of the class have you enjoyed?
