PLEASE NOTE:

Purchased tickets can be mailed to you, printed or displayed on your cell phone.

You will be asked to present your tickets upon arrival.

TICKETS WILL NOT BE SOLD AT THE DOOR.

Purchasing tickets for children:

You must purchase tickets for any child over age 2 who is not participating in the show. Children under age 2 may sit on your lap at no charge.

Kindergarten and preschool students participating in the show will return to their parents after they perform and can remain on laps for free (or you can purchase a ticket if you'd rather them have their own seat).

All other student performers will remain in the HS multipurpose room during the show and therefore do not need tickets.

Ticket availability and selection:

Please purchase your tickets as early as possible. In past years, the auditorium was nearly full. When selecting seats on the seating chart, fill in all available seats and avoid leaving open seats between groups to ensure everyone can get the number of seats needed for their party. Once seats are purchased, we do not have the ability to move parties around.

Handicap seating:

HANDICAPPED SEATING IS LIMITED. There are open spaces for wheelchair accessibility and seats next to these spaces are reserved for wheelchair companion seating.
