September 30, 2016

Dear Parents/Guardians,

Pursuant to *N.J.S.A.* 18A:7C-6.6, school districts must provide parents/guardians with information regarding any State assessment and commercially-developed standardized assessment that will be administered throughout the school year.

Both the state and federal government require annual testing for students in grades 3 - 8 for English Language Arts (ELA) and Mathematics. Additionally, high school students are required to be tested in at least one course for ELA and Math. Attached you will find a *Summary of Standardized Testing* for the 2016-2017 school year.

Should you have any questions, please contact your child's principal.

Sincerely,

Kate Rosander
District Test Coordinator
