Scotch Plains-Fanwood Community-

The Scotch Plains-Fanwood School District has always welcomed parents and community members into our schools as volunteers. Volunteers offer a huge resource and support base for the school community. To that end we also need to make every effort to keep our school community safe and healthy.

You may be aware that Governor Murphy recently announced that all school employees will be required to be fully vaccinated or undergo at least weekly testing by 10/18/21. The guidance we have received also states that school volunteers are included in this mandate.

In order to comply with this mandate, all school volunteers will need to present their COVID-19 Vaccination card to the school administrator or designee prior to being permitted to volunteer in our schools. If you have not been vaccinated and still wish to volunteer in our schools, you must present the school administrator or designee with a negative COVID-19 PCR test result that was collected within 7 days of the date you are volunteering in the school.

**To be considered fully vaccinated the following must be true:**

1. It has been more than 2 weeks since you received your second dose of the Pfizer or Moderna vaccine; or,
2. It has been more than 2 weeks since you received your first and only dose of the Janssen/Johnson and Johnson vaccine.

You may access the following link for specific vaccination sites and information: <https://covid19.nj.gov/faqs/nj-information/slowing-the-spread/where-how-and-when-can-i-get-vaccinated>

Thank you for your continued support of the Scotch Plains-Fanwood School District.
