October 5, 2021

Dear SPF Community,

Currently on the school calendar, Election Day, November 2, is a single session day for all students and a half day of Professional Development for district staff.

Since our staff missed one day of Professional Development due to Hurricane Ida and with the steady stream of election voters coming into our buildings, we are changing the school calendar so that November 2 is a full day of Professional Development for our staff and a day off for our students.

Thank you.
